Best Bilateral Business Services  
 Provider - Malaysia

# Best Bilateral Business Services Provider – Malaysia

**Malaysian Dutch Business Council (MDBC) is a bilateral chamber of commerce with more than 250 corporate members, focusing on providing business services, representation, and networking. It forges business ties between Malaysia and the Netherlands and works in close partnership with the Netherlands Embassy in Malaysia and with the Malaysian authorities. Considered one of the most active councils in Malaysia and acknowledged as a 'best-in-class' leader among Dutch Business Hubs globally, MDBC has the audacious goal of becoming the best business chamber in the world, providing lasting value to its members.**

While MDBC hasn't really changed its core values (entrepreneurial, independent, accessible, responsible, service oriented) since its foundation in 1996, it has been able to more solidly define them, honing in on its strengths, and increasing the breadth of services offered. Throughout its journey so far it has always focused on the value of the membership, ensuring that Dutch companies interested in doing business in Malaysia (and via Malaysia with the wider ASEAN and Asian Region), or

and guidance. It means that MDBC invests in its relationships with each member, personalising and strengthening the bond with each interaction. Knowing them this well adds motivation for the council to work that much harder on their behalf; it wants to see them succeed because it knows that strong, successful members mean a strong and successful business and membership community.

Much like the rest of the world, MDBC's business has shifted to remote working. It ensured that all staff had the hardware and

events it always has, it also delivered webinar events that stood out from all the rest. There were 'non-traditional' webinars such as cooking and exercise/medical webinars. It even started a friendly exercise competition MDBC app to encourage members to keep their activity

the day for live chats so visitors to the Village looking for service providers can find the right match for any multitude of their business needs, all under one (virtual) roof. The Village is free to visit and open to all, worldwide at [www.vrexhibition.vruniverse.com.my](http://www.vrexhibition.vruniverse.com.my).
